

Title: How to develop Self Join feature (way: 02)?

```
#01  
select * from epttbl  
order by sfid, stid;
```

```
#02  
select sfid, stid, teach  
from epttbl  
where stid in (select sfid from epttbl)  
order by stid, sfid;
```

```
#03  
select sfid, stid, teach  
from epttbl  
where stid not in (select sfid from epttbl)  
order by stid, sfid;
```
